

THE T A X C H I

“THE HOUSE THAT BROTHERHOOD BUILT” PHI CHAPTER ARROW FALL 2010

“Alumni are a product of their chapter. If the chapter stresses ‘Theta Chi for Life’, if they consider the status of alumni to be respected, if they determine that they will be undergraduates for a few years and Theta Chi for Life alumni the rest of their lives, then and only then will we have good alumni relations”.

Quoted by: George Kilavos (Delta Xi Chapter)

THE THETA CHI

ALUMNI COUNCIL PRESIDENT

Greetings brothers,

First, I would like to thank everyone who attended Pig Banquet this spring. It is always fun to hear from the young and old about the house and to share a few memorable moments they have had during their years at Phi. I would love to welcome you back for the 2011 Pig Banquet to be held March 26th 2011.

Once again fall is here that means it is time for Bison football. That also means homecoming is around the corner. This year the homecoming challenge will be against Western Illinois on October 2nd. I encourage all of you who will be in Fargo for homecoming to stop by the house for the parade and enjoy a social with coffee and doughnuts. After the parade is tailgating, the game, and then

more socializing at Chubs

If you get a chance to stop by the house you will notice a few exterior and interior improvements that have been done in the last year. On the main floor, lady's head and the coat room have been remodeled and are now looking excellent. On the exterior, the roof is being replaced, which was in much need of repair. As always, it is encouraged to donate to Theta Chi for Life so we can continue making

improvements to the house. At the last Pig Banquet we did not feel we needed to do a full renovation, we just need to pick away at one or two projects at a time. There have been quite a few remodeling projects done to other Greek houses, so we need to continue doing our part to keep our house looking its best.

As far as the active chapter, they continue to excel in all areas it seems. Whether it is their recruitment, scholarship, philanthropy, or campus involvement, they seem to be receiving recognition from someone for the good deeds they have done. It is great to see Phi continuing the tradition of being a strong chapter. If you happen to be in Fargo for any reason, take some to time to stop by and check-in with the house to see how the actives are doing.

Fraternally,
Peter Gates, 1677

THE THETA CHI

LETTER FROM THE ACTIVE CHAPTER PRESIDENT

Hello Brothers,

I hope this letter finds you all healthy and happy! It's been a beautiful few months in Fargo, and as the summer comes to an end, Phi Chapter has a lot to celebrate! Upon returning from the 154th Annual Convention, the active brothers from Phi celebrated the successes of the previous year, including the acquisition of our 10th Howard R. Alter Award for Chapter Excellence. This landmark solidifies Phi's place as the chapter holding the most Alter awards, and is definitely a source of pride for the active chapter. Phi also took home several other awards, including a recruitment award for initiating more than 30 men in a year and two awards for traveling the farthest distance to be at an event.

In other news, nationally Theta Chi has been researching the possibility of implementing a comprehensive and universal new member program. Phi chapter has been asked to be a part of this initiative, and is one of only a handful of chapters across the country to try and pilot this program. Shawn Bennett, Director of Learning and Development at Theta Chi International Headquarters, will be visiting Phi to help us in this endeavor.

Locally, there is a lot to look forward to as well. Thanks to help of Russ Handgard and the alumni who have donated to the Theta Chi for Life Fund, the roof is finally being completely replaced.

I would personally like to invite you back to the chapter house for Homecoming this year. Homecoming will be Saturday October 2nd. As always, Phi will be hosting an open house for you and your family to stop by and enjoy the parade and other festivities. The active chapter will be partnering with Alpha Gamma Delta for this year.

Something unique about this year's homecoming is the planning of an 80's and 90's Greek Reunion. There will be events such as a Greek Social on Friday, October 1st through Saturday, October 2nd. For more information and to register, please visit www.ndsualumni.com. If you haven't already, please also visit our chapter website at www.phionline.org for a complete alumni page and homecoming information.

Here at Phi, we're hoping to continue to work hard and continue to be one of the best chapters of Theta Chi. Our roster currently includes 72 men, with a 2.96 G.P.A (.2 above the all-men's average), and over \$8,100 of dollars raised for charity and over 1000 hours of service for last semester. We continue to strive to live the ideals of our fraternity, and I can't emphasize enough how much of an honor it has been serving as president. I am proud of the men that are a part of our chapter, and proud to call myself a brother of Theta Chi.

I hope to see you soon!

Love & Respect,

Cory Loveless, 1767

CONGRATULATIONS ALUMNUS GLEN MASSET

Colonel (Brother) Glen A. Masset (Phi #1252) assumed duties as District Engineer and Commander of the U.S. Army Corps of Engineers Little Rock District on June 15, 2010.

The District is responsible for a \$1.17 billion program in fiscal year 2010. This includes civil works, military construction, environmental stewardship, emergency management and work in support of other government organizations, throughout Arkansas, southern Missouri and the nation. The district has a staff of about 790 employees. It supervises the Arkansas River and other waterways, including 13 locks and dams, 12 multi-purpose lakes, seven hydroelectric power plants, and more than a half million acres of public lands and water. Colonel Masset came to Little Rock District from Vaihingen, Germany, where he was Deputy Engineer Division Chief, Logistics Directorate, Headquarters,

United States European Command.

Colonel Masset enlisted in the North Dakota Army National Guard in Nov 1982 as a Combat Engineer Soldier, where he served in both enlisted and officer positions. In May 1989, he graduated from North Dakota State University with a Bachelor of Science Degree in Construction Management & Engineering and entered Active Duty with a Regular Army commission in the Corps of Engineers.

He is also a graduate of the Army Command and General Staff College at Fort Leavenworth, KS; the Combined Arms Staff Service School also at Fort Leavenworth; the Armor Officers Advanced Course at Fort Knox, KY; the Engineer Officer's Basic Course at Fort Belvoir, VA; and the Army's Jungle Warfare and Airborne Schools.

His prior assignments include: Platoon Leader and Company Executive Officer, 5th Engineer Battalion, Fort Leonard Wood, MO; Maintenance Officer, 130th Engineer Brigade, Hanau, GE; Company Commander, 16th Engineer Battalion, Bamberg, GE; Engineer Observer/Controller, Combat Maneuver Training Center, Hohenfels, GE; Equipment Officer and S-3 Operations Officer, 937th Engineer Group, and Executive Officer, 1st Engineer Battalion, Fort Riley, KS; and Deputy Chief of Staff, and Chief, Training Integration Office, U.S. Army Engineer School, Fort Leonard Wood, MO. He took command of the 9th Engineer Battalion (C)(M), 2nd Brigade Combat Team, 1st Infantry Division (M), Schweinfurt, GE, on 22 Jun 2005 and deployed as commander of Task Force 9th Engineers (Gila) to Operation Iraqi Freedom from Sep 2006 to Nov 2007. COL Masset has served in the following Operations: Desert Shield, Desert Storm, Joint Endeavor, Enduring Freedom, and Iraqi Freedom (OIF I and OIF 06-08).

His military awards include: Bronze Star (1OLC), Meritorious Service Medal (3OLC), Joint Service Commendation Medal, Army Commendation Medal (3OLC), and Army Achievement Medal (1OLC).

THE THETA CHI

PAST ALUMNI PRESIDENT

Greetings Brothers,

It is a great time to be a Theta Chi! We changed the format for Pig Banquet a couple of years ago and that has been very well-received and proven successful. That success was manifested by the great turn-outs for the past two banquets which in turn have strengthened the ties of brotherhood that we share. Theta Chi for Life has become a huge asset for the alumni. It provides the much needed care and maintenance of the house. There is always something to repair or improve, but with a steady flow of revenue, we can take on projects as they are identified in order to preserve and improve our greatest asset. In the past few years we have established a scholarship fund that will help active members with funding their education. We have an active chapter that has established Theta Chi as a positive presence on the Campus of NDSU as well as throughout the community. Theta Chi is a legendary organization and I am proud to be a part.

In May when it seemed that legislators and the media couldn't get enough bashing NDSU, the Alumni Association Chairman, Mike Krueger (71), sent out a letter that expressed his "Bison Pride". It was a compelling statement of his pride in the past achievements and current status of NDSU. I sent the letter to all of you who are on my email distribution list. I received a note back from Brother Dewey Kautzman that reminded me of our fraternity's commitment to NDSU: "Alma Mater first; and Theta Chi for Alma Mater". Quite simply, Theta Chi cannot be strong without a strong university and we have a responsibility to promote that strength in any way that we can. We seem to

be finally moving past the acrimony and moving into a calmer era (although I will reserve my optimism until after the 2011 legislative session). President Bresciani appears to have the ability to represent NDSU well throughout the State, mend fences, and continue the momentum - and that is what is important. We need to assist his administration in any way that we can.

I look forward to seeing you at Homecoming.

Fraternally,

RC Stein, Past President of the Alumni Council (2009-2010)

ACTIVE CHAPTER NEWS

Scholarship (Ryan Marquette)

Being an officer in Theta Chi, I've sent my fair share of emails: "Hey, do your study hours!" or "Check out this seminar on being studious..." and even once, "WHO took my shampoo??" But none of those compare to the one I wrote this summer.

It was at the end of June when I got the semester's grades from the Greek Life office. I opened the NDSU envelope and peeked

THE THETA CHI

inside. Before I knew it, I felt like my whole face was trying to smile. I saw our GPA, too happy to do anything.

So I began typing, almost maniacally, into my keyboard. As I pounded away at the keys I thought to myself how great it is to get our GPA up to a 2.964 from a 2.773 the previous semester. I was so proud of my brothers that they managed to lend the helping hand and get 15 brothers back into good academic standing. The more I crunched the numbers, the more my smile grew and grew. This past year we had the lowest failed credit to member ratio of all the Fraternities on campus (even better than Kappa Psi's)! Getting a 2.964 means we can truly brag that we: are the largest chapter (73), we beat the IFC and all men's averages, and placed 3rd amongst the fraternities. We cut the number of brothers on academic probation in half, meaning that the newly installed study buddy system was quite effective.

Social (Lucas Mayfield)

We had a variety of themed socials over the past year. We had socials with both sororities and fraternities, allowing for members to better know both men and women in Greek Life. Hosting a sledding social during the winter, having a Halloween dance, and going to a movie and out for supper were a few of the socials we had. We also had one social/philanthropy event before Valentine's Day; decorating sugar cookies and making cards that we later delivered to an assisted living home.

Philanthropy (Tony Miller)

This year the brothers of Phi chapter succeeded in extending the helping hand to the community of Fargo. We have been working very closely with the YWCA. We have helped them about twice a month doing anything from moving and sorting food to spending time with the kids that live there. We put in over 380 hours of sandbagging this last spring despite the fact that we did not get any days off school. We were put in the fifth most hours of sandbagging of any organization behind organizations such as the Salvation Army and Fargo Public Schools. During our Days of Giving project we donated over 50 pints of blood and raised over \$700 for Relay for Life. We raised a total of over \$8,000 and put in about 1,000 hours of service. All in all we had a very successful year.

Rush (Kyle Sebesta)

Phi chapter made great progress in our year round recruitment efforts last year, and we continue improving. Our fall rush week this year contained several events to encourage people to come over to the house and learn more about Theta Chi. Events included a Car Smash, In-house Mini-Golf, Dunk Tank and Lawn Games, and a trip to Thunder road for Go-Karts and Mini-Golf. At the end of the week, we extended some bids to some awesome potential new members. We hope this leads to a great class to initiate. We are looking forward to getting back to our "365 Recruitment" to set up successful spring recruitment. Currently our chapter is the largest Fraternity at NDSU, and we continue to recruit so that we can continue our recent success.

Fraternity Standards Chair (Dean Derfus)

Over the past semester we increased the number of members on our committee by two. Currently, we are in the process of making membership review sheets. These sheets allow members to see what aspects they can improve on and set goals for the upcoming semester. Additionally, we are overlooking our current Constitution and By-Laws and making changes where necessary.

THE THETA CHI

CAMPUS GREEK REPORT

Greetings from the Office of Greek Life! As we begin our semester on campus, I am continuously amazed at the outstanding student leaders we have in our Fraternity and Sorority community and the passion they have for their respective groups and our overall community. The men from Theta Chi could be seen across campus assisting as we welcomed new students to our campus while proudly sporting their letters.

The Greek community has a full year ahead, beginning with an early recruitment for the fraternity community. The IFC planned a pre-Labor Day recruitment schedule in hopes to visit with men prior to the first round of tests, which is a change from the past few years. Many groups, such as Theta Chi have embraced the 365-day recruitment model. With this being said, I fully expect our

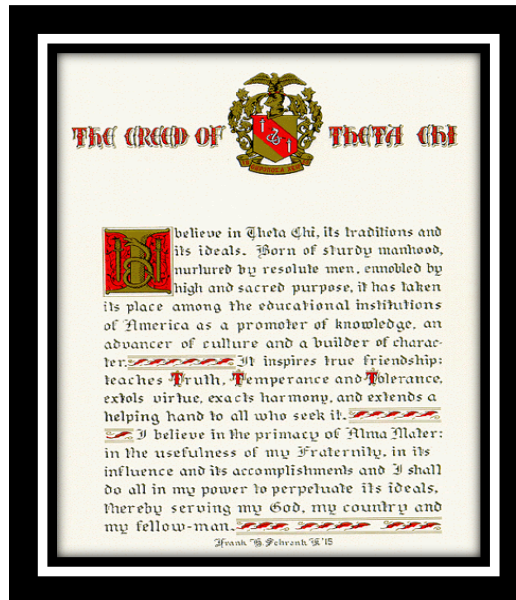

men's chapters to be welcoming in new members on a rolling basis versus the one-week prior to Labor Day.

Later in the semester we will be welcoming our newest members of the IFC community at NDSU, Delta Tau Delta. The men from Delta Tau Delta will be on campus to visit with students, faculty and staff about our community so they can begin their official recruitment efforts this spring. With respect for our current chapters on campus, the men of Delta Tau Delta will begin formal recruitment after our chapters have finished their formal recruitment period in the spring semester. I know they are very excited to be on campus and are most definitely ready to work with our chapters, alumni and community.

For those who can make it back for Homecoming, we would love to see you in for a visit. The Phi chapter has so very much to celebrate this year and I welcome you all back to meet with the collegiate students and celebrate the brotherhood you have all shared through the bonds in Theta Chi.

If I can be of assistance in anyway, please feel free to contact me!

Sincerely,
Courtney Barstad

THE THETA CHI

HOUSE UPDATES

Finishing up the front of the house

Working on the back side of the house

CAMPUS UPDATE

Warm greetings to Theta Chi Alumni from NDSU! It is with great enthusiasm that we welcome our students back to campus this fall for another year of engaged learning in this great academic community. NDSU warmly welcomed President Dean Bresicani in June, and he is already helping NDSU regain momentum and confidence. From the beginning, he is determined to be student centered, and this was proven by adding Student Body President Kevin Black to the President's cabinet. Dr. Bresciani's commitment to reestablishing NDSU's credibility and relationships on campus and in North Dakota is a great step forward.

Greek life at NDSU is alive and well. The traditions and rich history that Greeks bring to NDSU campus life are critical in shaping a vibrant and holistic learning environment. A degree from NDSU must represent a combination of academic training combined with hands on learning. The Greeks do this so well with your commitment to developing future leaders and community involvement through service and philanthropy.

Please know that our Alumni are such a strong part of our NDSU family. Your continued confidence in NDSU and strong voice of support are heard around the region. Go Bison.

Sincerely,

Prakash Mathew

Vice president for Student Affairs

THE THETA CHI

New NDSU President!!

Former Texas A&M Vice President Dean Bresciani put on an NDSU baseball cap and said he's ready to go, even though he's not slated to take over until June 15. "I don't think NDSU can afford to wait for its next president to get started officially," he said.

Bresciani, 50, was vice president for student affairs at Texas A & M from 2004-08, where he was an adjunct professor in educational administration and human resources development.

The board voted unanimously to hire Bresciani, after spending the day interviewing three finalists. Richie Smith, outgoing president of the higher education board, said Bresciani came highly recommended in a phone interview with Defense Secretary Robert Gates, former president of Texas A&M. "He didn't have to take the call," Smith said of Gates. "He took the call, spent 25 minutes, and the things he told us (about Bresciani) were marvelous. A reference like that you don't discount." Smith said about Bresciani, "He's a no-nonsense type of guy in a nice way."

Bresciani used the words "re-establish" and "re-instill" when talking about his plans, which include traveling the state to meet people. But he shook his head when asked if the school needed repair.

"Frankly, I don't believe so," Bresciani said. "This is an incredible institution that has accomplished incredible things. We simply need to re-instill people's trust and faith in the success of this university and what it contributes to the state of North Dakota."

Bresciani earned a bachelor's degree in sociology from Humboldt State University, a master's degree in college student personnel from Bowling Green State University, and a doctorate in higher education finance from the University of Arizona. Asked if he had a message for staff and students, Bresciani said: "Get ready." Article Taken from: The Associated Press.

NATIONAL THETA CHI MEETING

"Turtle Turds, this is Lightning Fox, do you read me?" A 30-hour car ride called for communication with two-way radios between the two cars that drove to Orlando for convention. Fast food joints, sketchy truck stops, and naps were some of the events that occurred during the trip. What was it really that made it a complete trip? It was getting to know your brothers and

THE Θ A X C H I

experiencing life-long memories that you would eventually tell your children.

Busy conferences and break-out sessions occurred all day; thankfully they were in the hotel so we didn't have to get smothered in the muggy heat of Florida. Meeting new brothers from chapters all over the continent was an awesome time for all of us. The performance of the new ritual, receiving the Man Mile Award and the Randall Award, and learning new ideas we could bring back to our chapter were some of the great outcomes of the convention. The greatest one was receiving an award that our chapter had worked for all year, the Alter Award.

After the silence, we were ecstatic and our faces reflected the joy that we felt. It was something that we had won together an accomplishment and that we could be proud of. We are proud to be the chapter that has received the most Alter awards, but we can't let excitement lull us into complacency. We're ready for another one!

Convention was a time for learning, becoming better leaders, and practicing our ritual. It wasn't those things that made convention. It was being with our brothers during those times that made convention worthwhile. Memorable events like singing the National Anthem at midnight on the July 4th during the monotonous car ride home really made our trip unforgettable.

"Excellence is an art won by training and habituation. We do not act rightly because we have virtue or excellence, but we rather have those because we have acted rightly. We are what we repeatedly do. Excellence, then, is not an act but a habit."

- Aristotle

THETA CHI SCHOLARSHIP

In 2008 Theta Chi Alumni started a scholarship fund. Our goal at the time was to raise \$10,000 to start giving two scholarships of \$500 each. Our goal at the time was to hit \$10,000 by fall of 2009.

As of today we have reached our goal of raising \$10,000. Thanks to the help of the actives and the alumni working together we now have \$17,744.54. We are giving away four \$500 scholarships in the spring of 2011. After the spring of 2011 we will start giving two each semester starting in the fall of 2011. We are currently awaiting approval from NDSU on our scholarship application. When we have that we will start the process of soliciting the scholarship application.

THE THETA CHI

The reason we took this step is because the social aspect isn't the only reason why we join the fraternity. We also believe having a scholarship award gives the actives another asset in the recruitment of potential members.

Looking forward we still need the support of alumni to keep the scholarship fund strong and viable. Any donation helps. Now that we have hit \$10,000 we need to try to continue to grow the scholarship fund in order to sustain and grow the base and hopefully be able to expand the amount we give every year. All donations (unless we did a raffle in the future) are tax deductible. To donate write Checks payable to:

NDSU Development Foundation

Mail to: PO Box 5144

Fargo, ND 58105-5144

CELEBRATING 10 YEARS OF THETA CHI FOR LIFE!

This past year marks Theta Chi for Life's tenth year which has also been the most successful fundraising year since its creation. Alumni members that participate in the campaign have pledged to donate \$200 each year for five consecutive years. This campaign was started in the year 2000 with the primary purpose of paying off the mortgage on the chapter house. The mortgage, which was created in 1995 for repairs and renovations after the fire, was paid off within 6 years of us starting the campaign!

Once the mortgage was paid the campaign changed its focus to financing improvement projects at the chapter house. In 2007 the crumbling asphalt parking lot was removed and then replaced with concrete. In 2009 and 2010 the ladies head and coat room were remodeled. This summer work began on replacing the chapter house roof; this project is scheduled to be completed by Homecoming.

Without the help of Theta Chi for Life these improvement projects would not be possible. The chapter is sincerely grateful to the alumni who have stepped forward to support this campaign. Since the start of the campaign \$79,985 dollars have been donated by over 100 alumni participants!!! Many alumni members that completed their initial \$1000 pledge have continued to donate annually to the campaign and their generosity is greatly appreciated.

Looking forward, the alumni council will continue to encourage participation in this campaign so a steady stream of income is available for improvement projects at the house. These projects will help maintain our chapter house and keep it competitive with the other fraternity houses, many of which have undergone extensive renovations in recent years.

If you would like to participate in Theta Chi for Life and help ensure the future success of Phi chapter you can sign up and donate at our chapter's website or email Jason Gates at alumnitreasurer@phionline.org. Thank you to all of the alumni that have donated to the Theta Chi for Life campaign!

Love & Respect

A LETTER FROM THE EDITOR

Brother Matt, Emily, Me and Kylee
Term 2010

I hope that this Arrow is coming to you in great spirits! This past year being the Public Relations/Alumni Relations and Editor has been a true roller coaster. Beginning with implementing new ideas by sending all Theta Chi for Life participates Christmas Cards to planning for the Spring Arrow, Homecoming, and Pig Banquet. It has however been a true honor to meet and work with so many of you. This past spring was my first Pig Banquet and I thought it was by far one of the most memorable events of the year. Working with Bob Stein, Jason Gates, and Ben Buresh has been a great time and I have learned a ton about how to learn fast, implement new ideas, and just get the job done right by always keeping Alumni Relations a top priority. This is why next year I have recommended to the active chapter to again split Alumni Relations and Public Relations to two officers in order to give more time for all the great alumni that we

have (which is currently on its way of being implemented)! It is always great having the Alumni support as we continue to improve Theta Chi into one of the best chapters on campus. It has been a true honor and privilege to work for you this past year, thank you so very much for the support and for always being so dedicated to lend a helping hand to the active chapter.

I would like to sincerely thank all of you for reading the Fall 2010 arrow. I would especially like to thank the people who made this arrow possible: Ben Buresh, Jason Gates, Russ Handegard, Cory Loveless, Robert Stein, Prakash Mathew, Courtney Barstad, Kyle Blake and all the alumni who sent in pictures!

Love & Respect
Ben Nicholas (1796)
Benjamin.nicholas@ndsu.edu
