FEBRUARY 2017 *Still time to support renovation before March 23rd! See Page 8*

CELEBRATING 100 YEARS AT OUR 2017 PIG BANQUET

One-hundred is a big birthday! How do you tell the story of five generations of young men or catalog the antics of 2,000 Phi Chapter members over a century? If only our historic chapter house could talk! Unfortunately, our home-away-from home is presently indisposed. It's undergoing major reconstruction! Read more on the renovation on page 4 and 5.

Our centennial story must be told by brothers themselves, and the perfect time and location is our annual Pig Banquet scheduled to take place Thursday, March 23rd through Sunday, March 26th. We need a full 48 hours plus to get the story right!

"This is a once-in-a-lifetime opportunity," says Brad Westrum, current Alumni Council president. "This is a don't miss event. As far as I'm concerned, other things can be rescheduled or shuffled on the calendar. If we don't take advantage of this occasion now – on campus, at this time – when will we realistically get the chance again? I'm so looking forward to reconnecting with brothers.

"I'm so humbled to look back and count all the brothers' weddings I participated in; the honor it was to be a godparent to a

brother's child; or at my age, to be a pallbearer at a brother's funeral. This is not a story unique to me. As brothers, we've gone through a gamut of experiences together – some unforgettable and a few I'd like to forget. This centennial allows us a window of time to celebrate what brought us together, and the lifelong bonds we forged over just a few short years on campus."

Jack Haines has been the point man for the centennial over the past two years. His attendance goal over the course of the weekend is 500! He's obviously passionate about encouraging brothers to attend by reminding brothers of the fraternity creed and the inspiration for true friendship. "What I am looking forward to with our centennial celebration is the chance to see a whole lot of TRUE FRIENDS that in some cases I have not seen in the 30+ years since graduation," said Jack. "I look at my old composite pictures and I have tremendous memories of everyone on there. All the anecdotes and antics I can remember! I am absolutely looking forward to being reminded of a lot more of them by those who make the trip back (and hearing how they may be embellished over time). Theta Chi was a very special time in my life;

Consider Attendance Mandatory!

Residing in Kansas City these days, Gary Hendrickson, an 80s graduate, has already made his centennial plans. "I was fortunate enough to walk the halls of the chapter house at Christmas time," said Gary. "The memories that came rushing back were great, but mostly I remember the friendships I made. Consider your attendance at the centennial celebration mandatory. We need to catch up!"

Curt Lesmeister adds "We're getting The Band back together! Less hair, bigger tummies, more fun! Who needs spring break in Florida when you can be in Fargo!"

SHHH... SILENT AUCTION ITEMS WANTED

The women of Theta Chi — wives and moms — are coordinating a Silent Auction, Saturday, March 25th during the social from 5:00-7:00PM before the Phi Chapter Alumni Banquet. Silent Auction proceeds will help with decor in the newly renovated Chapter House. We already have some great donations, but we are looking for "100" to coincide with the anniversary and also to celebrate our commitment to the legacy of our husbands and sons in Theta Chi. We welcome any donation large or small — just let us know by Monday, March 20th so we can get it listed. Please contact Kyle Handegard at 701-866-7313, curtisccci@aol.com or Sharon Miller at 701-721-0931, dcsmmiller@gmail.com.

IT'S NOT TOO LATE TO SUPPORT THE CAMPAIGN!

Three hundred brothers have made a financial contribution towards the renovation of our historic chapter home. Over \$850,000 has been donated for the project so far and an additional \$450,000 is pledged, for a total greater than \$1,300,000. If you have not contributed to this great project; we urge you to consider a donation now. We would like to raise another \$175,000 to help ensure that we do not have to cut any planned improvements to the chapter house in order to stay within our financial means.

In early January the Housing Corporation made an agreement with Bell Bank to provide a construction loan. This loan is necessary to cover construction expenses beyond the amount donated so far. We have not drawn on the loan yet but will need to draw on it later this spring. Every donation made right now is very important because it lowers the amount that we must borrow to complete the project! The loan will be paid back as the pledged donations are received over the next 5 years. At Pig Banquet, project volunteers and donors to the PhiNow Campaign will be uniquely recognized.

If you are interested in donating to the project, make an immediate gift through PayPal by accessing our website at www.phionline.org. You can also complete the form on the back page and remit to Theta Chi Alumni at PO Box 5767, Fargo, ND 58105.

GREETINGS FROM THE UNDERGRADUATES!

I hope that life is treating you all well and that an enthusiasm for Pig Banquet and Phi Chapter's centennial year is stirring within. Here is a quick Q & A to answer some of the questions you may have about what is happening with Phi Chapter.

Q1: How many active members are there?

A: We currently have 66 active members.

Q2: What is the chapter G.P.A.?

A: The chapter has an overall G.P.A. of 3.019.

Q3: How is brotherhood being fostered without a house?

A: As a chapter, we knew that not having a house would remove the central space where all actives could hang out, which is a prime way brotherhood in the chapter is created. However, to compensate for the temporary loss of the house, we increased the number of BBAs (brotherhood building activities) to about one a week. This creates a rotating location that all brothers can go to to see active members that they might not otherwise see. BBAs range from going to the new pool in the Wellness Center to Ultimate Frisbee. Many members have moved in with each other as well, so we aren't nearly as divided as it may seem.

Q4: What has been done with the renovation of the house?

A: Over the summer, brothers Gunnar Breyer, Nick DeLaPointe, Alec Halvorson, and Tony Kimlinger assisted Russ and Cory Loveless with housing renovations. Specific changes made include:

- Tearing down the old chimney
 - Gutting the kitchen, cave, and coal bin
 - Tearing down walls throughout the rest of the house
 - Salvaging old bricks from the chimney
- Recent changes as of January 13th include:
- Removal of studs between rooms and replacement of some flooring to create the new room layouts
 - Pouring of the foundation for the extension and preparation for the elevator
 - Electrical work

Overall, things are moving along, and Tony Kimlinger said that the brothers who helped "had an absolute blast working on the house and uncovering all the old beers and bottle caps that were hidden in the walls." He said "it was an honor to be a part of welcoming the new house and

Check out the exquisite wall art viewed from the north side of the boiler room! New pipes have been installed to service the expanded kitchen. Apparently someone found the key to Theta Chi and promptly removed the entire incinerator.

saying goodbye to the old one," and that "it was truly a once in a lifetime opportunity."

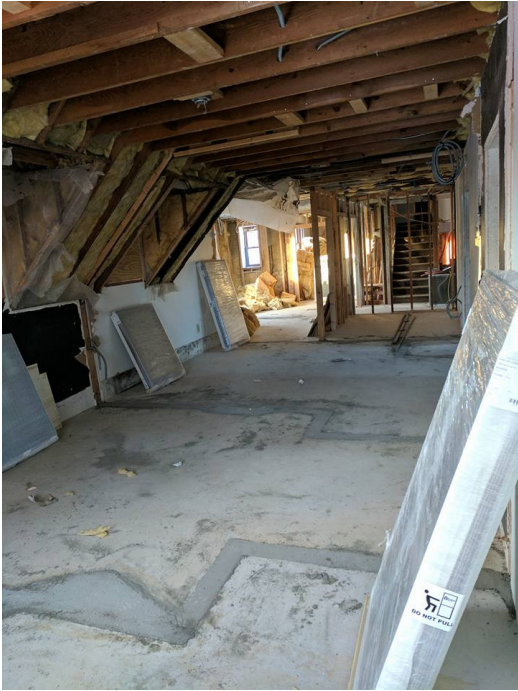

As for me, I can tell you that anxious anticipation of the day that we can move back into the house is brewing among the active brothers. As the house's completion draws near, I hear more people wishing for it to be done now and ready for move-in. We can't wait to celebrate Phi Chapter's centennial year with all of you and with other brothers from the International Headquarters and surrounding areas. As president, I am excited for what this year promises to offer. Before the renovation, I heard many actives getting nervous of what it would mean for the chapter. However, I see it as a momentous event that cannot be passed up. It offers a wave of excitement and a reinvigorated passion for Theta Chi as well as benefits for recruitment.

I wish you all the best and hope to see you soon. If you have any questions about the chapter, feel free to contact me at derek.j.hatzenbuhler@ndsu.edu.

Derek Hatzenbuhler, 1982

RENOVATION ON TARGET AND ON TIME!

Taken from the sound end of the 3rd floor looking into the old crest and creed rooms. You can see where the walls used to stand by looking at the floor.

The required permits are complete and filed. Building plans are drawn. The north chimney and north fire escape are history. Interior walls have been stripped to the studs in some cases. The basement is sporting new floors, and just in case you were wondering, the incinerator and old furnace have been removed too. "We saved the door," reports Brad Westrum. "Thankfully we never lost anyone looking for the Theta Chi key."

Building plans have been created by past chapter president and architect Jeff Wrede '92. "Jeff has

given his time selflessly and generously to produce drawings, prepare proper permits, as well as driving up from the Minneapolis/St. Paul area to Fargo to meet with stakeholders in the project," said Cory Loveless. The plans were completed with input from several undergraduates and alumni.

"The undergraduates have been a great partner in this project," adds Brad Westrum. "They provided design input and elbow grease in demolition and some reconstruction. A special call-out to former president Michael Thordson, Ben Peterson, and Derek Hatzembuhler."

Although the general layout will remain largely unchanged, living space improvements are planned. On the second and third floors, common areas for studying and socializing will be created. An addition on the north side of the building will house a fire-proof stairwell, office space, laundry facilities, an elevator and additional storage. The kitchen is expanding into the basement bedroom, and plans include adding a guest lavatory on that level. The main staircase is being removed from the main floor to the 4th floor. It will be relocated to the new fire-proof addition. A handicapped-accessible suite on the main floor will replace the current TV room and office. The main floor and red carpet will be refinished where necessary. All lead glass and stained glass windows are being preserved. Sprinklers are being installed throughout the facility to make the chapter house code compliant.

"All brothers will have an opportunity to take a 'Construction Hard-Hat Tour' of the house to step inside and get an idea of what the new spaces may feel like," said project volunteer Cory Loveless. "A big thanks to Russ Handegard and all of the people involved in this effort."

WHY RENOVATE?

- The Chapter House is nearly 90-years old
- Safety for brothers and guests
- Growing maintenance and utility costs
- Code compliance issues
- Competition from other fraternities, off campus housing and university dorms
- Improving space per man

HONOR A BROTHER

Remember a brother at Theta Chi's historic centennial by making a campaign contribution in their memory. The gift will be recognized at Pig Banquet 2017. If an individual or group contributes \$1,917 or more to a tribute, permanent recognition of the honored brother will be displayed in the Music Room. If tribute giving exceeds \$25,000 or more, room naming opportunities are available in living memory of the honoree.

All gifts and pledges of \$1,917 or more to the 5-year Phi Now campaign will be permanently recognized at the chapter house. (+) in front of a donor's name indicates they are both a Theta Chi for Life and Phi Now donor. (Φ) indicates a direct gift to the chapter that can be used immediately to offset project expenses. (*) indicates a matching gift. Donor roster is organized alphabetically by last name, then by graduation year.

NAMING OPPORTUNITIES AVAILABLE

All donors contributing \$1,919 or more will be recognized permanently on a display at the chapter house at the conclusion of the project. For individual donors and families, room naming opportunities are also available for contributions of \$25,000 or more.
